Tampa/St. Petersburg, Florida Area

Clinical Rotation: Florida Hospital Tampa

- Cerner Electronic Medical Record trained.
- 140 hours- Adult-Surgical Nursing: Shadowed experienced RNs managing the care of patients on an orthopedic and pulmonary/infectious disease floor. Implemented nursing care skills such as head to toe assessments, vital signs, intravenous insertion and site care, tracheostomy care and medication administration. Learned how to educate patients and their family members on procedures, lifestyle modifications and preventative measures in order to ensure the best outcomes.

Tampa General Hospital

Nursing Student

January 2015 - December 2015 (1 year)

Clinical Rotations: Tampa General Hospital

- Epic Electronic Health Record Software trained.
- 70 hours - Labor/Delivery/Postpartum: Shadowed experienced RNs who applied fetal monitoring, gaining insight on the evaluation of accelerations and decelerations in fetal heart rates. Maintained patient comfort during labor, obtained vital signs and prepared patients for the labor process. Removed catheters after delivery with supervision and assessed fundal heights.
- 70 hours - Pediatrics: Completed head to toe assessments. Documented data related to patient's care including assessment results and patient responses in the EMR. Obtained vital signs. Assisted in performance of ADLs, positioned patients properly and monitored intake and output. Changed linens and provided teaching as appropriate.

Orange Pediatrics

Receptionist

December 2013 - December 2014 (1 year 1 month)

New York

- Assembled comprehensively and expediently the preparation for all incoming and outgoing patients.
- Handled sensitive information over the phone with courtesy and professionalism.
- Organized office economics to ensure efficient patient care.

Orange County Health Department, STD Clinic
