Certified Med Surg Registered Nurse

Dada Johnson

Registered Nurse at Health Trust Workforce Solution
Greater Houston

Summary

Qualification MSN ED, RN-BC MedSurg

Experiences: IMCU, TELE, PACU, Antepartum, MedSurg, observation, Gen Surgery.

My expertise lies in providing exceptional patient service and compassionate care within various environments-such as internal medicine, pediatrics, and acute care facilities -IMU- pre and post-surgical patients-women services while facilitating treatment program success through effective needs assessments and strong clinical judgment abilities. Tracking patient vitals, collecting specimen samples, and maintaining confidential patient and procedure records are just a few of many tasks I performed each day, consistently providing a superior level of compassionate patient care.

Highlights of my experience include:

- Performing a full range of nursing responsibilities, including patient histories and assessments, medication administration, testing, referrals, insurance authorizations, treatment plan development, report generation, and general administrative support.
- Collaborating with peers, physicians, and ancillary service providers to ensure appropriate patient services and improving overall patient care.
- Driving disease and illness prevention and educating patients and family members to ensure optimal ongoing care.
- Serving as a committed patient advocate to build solid and trusting patient relationships.
- Assisting with onboarding of new employee, ensuring that all necessary training is completed to ensure safe patient delivery of care.
- Administration of oral chemotherapy and monitoring patient reaction and tolerance

With my vast knowledge and experience, I am well positioned to enhance patient care.
