Ukiah, California

## Summary

I am a graduate from the University of Washington, with a Bachelors in Nursing (BSN), and licensed in WA, OR and CA. I have a real passion and desire for wanting to help people through my nursing skills. I would love the opportunity to become part of your Hospital/ Organization where I can gain new experiences and further my knowledge as a registered nurse. I will utilize and enhance my knowledge and skills to provide quality patient care and grow as a professional nurse for your organization. I have also increased my knowledge by becoming a Certified Emergency Nurse (CEN) in order to make me better asset to your organization. I am a highly motivated, energetic individual who takes the initiative in getting the job done. I enjoy working in a busy environment (Emergency Room) where I am able to utilize my skills. I am a self-starter, and look forward to challenges. I want to help fix the problem, not cause it. I am very compassionate about my chosen profession, as patient care and safety are number one importance to me.
