Craig Smith

Director Of Education at Kingman Regional Medical Center
Kingwood, Texas

Summary

Focused transformational leader. Enjoy research and believe it should drive clinical decisions. Strong follower of servant leadership and live by the motto, "visibility breeds credibility and credibility breeds trust." Currently the Director of Education at Kingwood Medical Center. Prior experience as Director of Education and Research at Providence Hospitals. I have directed a million dollar simulation lab and administered Learning Management Systems. Also have prior experience as Faculty at the University of South Carolina College of Nursing where I was the course coordinator for both junior and senior Med-Surg. courses. Additionally I work part time as online faculty at Grand Canyon University where I teach RN to BSN students. I have a Masters (MSN) in Nursing Informatics with a focus on Clinical Education and Work Flow Logistics.
