ER at Alliance
Staff RN, SAMA Instructor
November 2011 - January 2015 (3 years 3 months)

ER Alliance is a provider based emergency room able to meet the needs of anything that the community may require. I work as a staff nurse able to perform all duties as recognized by the ENA. Being with HCA for over 20 years has provided me the opportunity to work in many different modalities. From Open Heart to Heart Transplant, Telemetry, Emergency Services, House Supervisor, and Medical Surgical - I feel I have done much. And even though I do not know everything I feel I have a sufficient grasp to handle multiple projects, diverse situations with successful outcomes. People, great people is what makes great facilities.
