# Beth Steele

VP of Operations and CNO OhioHealth Grant Medical Center:  
Providing operational and nursing leadership  
Columbus, Ohio Area

## Summary

I am a positive transformational nurse leader with extensive progressive leadership in operations and with experience in population health. I have a passion for leading with courage and vulnerability to build teams that support the health of those we serve well into the future.

I have experience in leading large-scale strategic initiatives to drive quality care, service, associate and provider engagement, growth, and value optimization within complex clinical and operational settings. I am a compelling influencer with an intense focus on building positive physician relationships, continuous improvement, revenue and productivity enhancement. Relationship building, strategic planning, collaboration, and reengineering with the ability to initiate positive transformational change are my key strengths.

---
