Experience

Kaiser Permanente

Administrative Nursing Supervisor and Assistant Nurse Manager ICU
October 2016 - June 2020 (3 years 9 months)

Fremont, CA

As an Administrative Nursing Supervisor I facilitate efficient throughput and delivery of safe patient care. Ensure proper staffing and allocation of resources for the Nursing staff. As Assistant Nurse Manager of the ICU, I managed the day to day operations of the ICU. I assured resources were available and provided staff development opportunities. I had to resign due to childcare responsibilities and lack of adequate childcare available during the Covid-19 pandemic, to allow my wife to continue working full-time from home. I am also using this time to complete my BS in Software Development Degree.

Marin General Hospital

Charge Nurse Emergency Department and ICU Nurse (Level III Trauma Center)

October 2011 - July 2016 (4 years 10 months)

Greenbrae, California

I was hired as a Charge Nurse in the Emergency Department after working as a travel Nurse in the ED. I managed throughput and allocated resources as needs arose in the ED. I also acted as a resource to the staff nurses in the ED, and assured safe and effective care patients of the ED. I transferred to the ICU after approximately 1.5 years, where I provided care to Trauma, Neurosurgical, Cardiac, and Medical-Surgical ICU patients. I utilized ICP monitoring devices, and assisted with their insertion. I also cared for fresh post operative CV surgery patients.

St. Joseph Health

Emergency Room Nurse (Level II Trauma Center)

December 2014 - February 2016 (1 year 3 months)

Santa Rosa Memorial Hospital

Began here as a per diem RN in the Emergency Department in Dec 2014. I provided care mainly in the Trauma and Cardiac specialty care areas of the ED. I also assisted less experienced RNs in the ED as a resource. After 10 months, I transitioned to the role of Relief House Supervisor in October 2015, where I managed the operations of the Hospital in the absence of Upper Management during the off hours of operation. I responded to any situations requiring supervision and assured adequate staffing and resource availability to the nursing staff.

Northern Inyo Community Hospital

Staff Registered Nurse ICU

August 2009 - April 2013 (3 years 9 months)

Bishop, CA

I was hired as an ICU RN after 2 contracts as a travel nurse (non-consecutively). I began as a staff RN in the ICU, but frequently floated to the Emergency Department as needed. I was also a de facto charge nurse of the ICU in the absence of our Manager. I was even left as acting Manager when the Formal Manager was out of the country for an extended period of time (1 month). I was left in charge of personnel on-boarding and maintaining operations of the unit.

Emerald Health Services

Travel Nurse (Trauma ICU, Level II Trauma Center)

December 2010 - March 2011 (4 months)

Riverside County Regional Medical Center ICU

I completed a travel contract at this facility on a leave of absence from Northern Inyo Hospital for the 3 months. I took this assignment to keep my skills sharp, as Northern Inyo Hospital had very low incidence of major trauma patients. I felt it was necessary to work in a high acuity Trauma Center to refresh myself with current practices. I returned to Northern Inyo Hospital immediately after completion of the contract. This is also a teaching facility.
