SusAnne Brewer, RN, BSN

Travel NICU Nurse

Summary

Healthcare professional with exceptional clinical skills spanning over 18 years with 14 of those in the NICU and pediatric field. My experience ranges from the newborn, whether in a Level II-Level IV Neonatal Intensive Care Unit (NICU) or well baby nursery, to the acute care clinical setting or hospital based setting. Implements diagnostic reasoning skills, therapeutic interventions and education used in direct patient care. Effectively meets the specialized physiological and psychological needs of children in the areas of health promotion and maintenance. Skilled in technical procedures with a strong base in patient assessment and education, assisting the physician with various procedures and providing nursing care for the patient populations ranging from newborn to the late adolescent. Strong problem solving and critical thinking skills with excellent decision making skills and able to implement these well under pressure. Very successful in time management, prioritizing tasks and exercising sound judgement all for the improvement of patient care. Able to develop comprehensive health care plans and assist patients/parents/caregivers in setting realistic and attainable goals of enhancing the greater wellness and optimal health.
