Critical Care Registered Nurse
(Adult) (CCRN-A)

Eric White

Registered Nurse, CCRN Intensive Care Unit (ICU) Tri-City Medical Center
Escondido, California

Summary

I am a nurse who loves to learn and help others do the same. A great teacher helps student learn how to think, not simply teach them what to think. With so much to learn I want to reinforce the humanity of those we care for. We need to know how to perform assessments and implement treatments, but also have a spirit of inquiry and reflection. This drives us to ask why, how, when, with the hopes of uncovering new pathways towards better outcomes.
