Victoria Holland

Burn ICU RN
Tampa/St. Petersburg, Florida Area

Summary

I am currently seeking a challenging career opportunity as a Registered Nurse.

I hold a bachelors degree in Nursing and have worked in varied settings, including ICU, ER, OR, and Med/Surg units in busy hospitals with diverse patient populations. I excel at providing direct patient care and am adept at anticipating physician needs. My strong communication and organizational skills have consistently proven instrumental in my success at accurately completing critical tasks in high-pressure situations. To complement this background, I am familiar with computerized medical records systems and have completed substantive professional trainings.

I plan to advance to obtain my MSN in nursing and work as a Nurse Practitioner in the future.
