AppleOne

Temp employee with AppleOne temp agency

2011 - 2012 (1 year)

Worked as a temp employee at Amerigroup Health Insurance Company.

Prepped, scanned, and indexed files to be stored electronically on the computer. I also learned the trade of medical coding and billing. Entered healthcare personnel into the computer, making sure their address is correct, taxonomy ID is correct, and their tax identification number matches up, so the company or individual could be reimbursed properly.

United States Postal Service

PTR-Mail Clerk

November 2009 - August 2010 (10 months)

worked as a mail handler, and mail processor. Mail handler duties: sorted and loaded packages in trucks for delivery, redirected damaged goods to the appropriate area for packaging and redistribution, sporadic lifting, lowering, carrying, and sliding packages that typically weighed up to 70 lbs, inspected packages to ensure quality. Mail processor duties: put mail on the machine,

fed mail through machine, prepped mail until it was time to ship out, took mail to elevator.

Octapharma

Donor processor

2009 - 2010 (1 year)

conduct tasks of Donor processor; perform daily and monthly quality control tests of hemostat and refractometer. Screen donors and enter vital statistics into the computer i.e. {temperature, blood pressure, finger stick, hematocrit, and total protein count}. Pass donor onto phlebotomist. Discard bio waste at the end of the day, and wipe down booth area. Assist management in keeping stock room clean.

Plasma Processor: Receive plasma from Phlebotomists stat the lines in the bottles, so I can take samples from plasma; Store plasma in freezer in a timely manner. Perform daily and monthly quality controls on freezers and thermometers, to make sure the plasma is kept at the correct temperatures.
