David Maddy

Registered Nurse, BSN, PHN

San Diego

Summary

As an Emergency Room RN, I work providing patient care at Kaiser San Diego Zion and SDMC Hospitals. I also care for patients as a per diem member of the Sonata Hospice team.

I studied overseas during high school developing both a love of travel & the zeal to explore our diverse world. Before earning my BSN in 2013 from National University, I earned a BA in Psychology from the University of Kansas in 1992.

Working as a National Account Manager for Home Depot for nearly 10 years, I developed my passion for environmentalism. Eventually joining their Green Team, focusing on energy efficiency solutions and environmentally friendly alternatives for my customers.

I volunteer for several non-profit organizations in San Diego where I have lived for the past 20 years. I have worked on Development in Gardening (DIG) projects in Uganda, Kenya, and Tanzania. I am an Advisory Board Member for DIG.

I cherish spending time outdoors enjoying nature and I am a passionate photographer. Some of my photos have been displayed at DIG fundraisers & also published in the CDC's "Yellow Book" and international travel brochures.
