Amy McCollum

MSN, RN, CMSRN at UT Southwestern Medical Center
Dallas, Texas

Summary

Hello! Currently I am working at UT Southwestern Medical Center as a Staff & Charge RN. I have my Masters Degree in Nursing Education from UTA and I received my Bachelors Degree from Texas Tech.

Experience

UT Southwestern Medical Center

RN II

July 2015 - Present (5 years)

I am currently working on a 16 bed inpatient rehabilitation unit that cares for primarily traumatic and non-traumatic brain injuries, stroke, Parkinsons, and other neurological conditions.

Awards received include:

Employee of the Quarter August 2016- December 2016 was the second employee awarded this honor on a 50+ staff member unit.

Clinical Ladder Level 2- professional development portfolio submitted and accepted

Involvement and Achievements

Involved in coordinating unit Return to Acute meetings that consists of a multidisciplinary group of team members that discuss patient cases that have to be transferred to acute units for medical management.

Worked with interdisciplinary team of RN, PT, OT, ST, RD to develop curriculum for stroke patients in the community. Curriculum is now being presented in monthly gathering in different locations across the community and delivered to stroke patients and their caregivers. Topics covered including medication management, preventing stroke, exercises and nutrition management, as well as community resources.
