Veronica Bonaby

Travel RN at Maxim Health Care
Atlanta, Georgia

Summary

I have been a Registered Nurse for 14 years. My choice to become a nurse was one of which that has not changed since I was a little girl. However, parenting 4 daughters has really taken front and center of all I do today. Nonetheless, I am happy and proud to face the world everyday knowing that I have compass these two challenges, but not yet! I am still reaching farther, higher and stronger. "V"
