I worked as a sales representative on the sales floor and as a cashier. I was able to use my communication skills to aid customers with any situation that arose. I have also trained other associates in my positions as they newly started working. I currently have continued my position here seasonally when I am home on break back in New York.

I was given the opportunity to be a part of NUMC's summer nurse intern program. Here I worked with the interdisciplinary team on their Labor & Delivery Unit. I was able to observe and help assist when needed with vaginal/cesarean births under the supervision of the Registered Nurse (RN) and Surgical Scrub Technician. I also performed basic patient care, practiced sterile technique, reported patient changes promptly to RN, and was able to practice reading electronic fetal monitors.
