Va North Texas Healthcare Sys
Psychiatric Nurse practitioner
November 2016 - Present (3 years 7 months)

Rivercrest Behavioral
Psychiatric Nurse Practitioner - Locum's Tenems
July 2015 - November 2017 (2 years 5 months)
San Angelo, TX

As a Psychiatric Nurse Practitioner, I diagnose, conduct therapy, and prescribe medications for patients who have psychiatric disorders, medical organic brain disorders or substance abuse problems. At Rivercrest Hospital, I provide emergency psychiatric services, psychosocial and physical assessment of my patients, treatment plans, and manage patient care. I may also serve as a consultant and/or educator for families and staff as necessary. My role as a provider at Rivercrest focuses on psychiatric diagnosis, including the differential diagnosis of medical disorders with psychiatric symptoms, and on medication treatment for psychiatric disorders. I aim to help people through some of the most difficult times in their life by providing holistic care.

Psymed Solutions
Psychiatric Nurse Practitioner
August 2015 - July 2016 (1 year)
Plano, TX

As a Psychiatric Nurse Practitioner, I diagnose, conduct brief therapy, and prescribe medications for patients who have psychiatric disorders, medical organic brain disorders and/or substance abuse problems. In the private practice setting, I help patients maintain mental/emotional stability in a comforting atmosphere and provide brief supportive counseling to assist with navigation through difficult periods in life. I routinely refer patients out for sleep studies, individual therapy, and neurology consults to assist in maintaining functionality. Additionally, I aim to use the latest evidence based practices to

improve the overall level of functioning and coping through my interactions with patients.
