Travel RN

September 2016 - Present (3 years 10 months)

Florida

Triage Staffing

Register Professional Nurse, Traveler RN

2012 - Present (8 years)

- Service as a preceptor includes: evaluations of both exemplary and unsatisfactory performance in an effort to bridge the gap between the classroom and clinical care and raise both the morale and the standard of care within the facility; assessment of skill level and creation of goals for learning outcomes.
- Assist the physician and nursing team in the performance of invasive, noninvasive, and specialized cardiac procedures.

Cura Med

Register Professional Nurse, Traveler RN, Cath Lab, EP , IR Specials

September 2010 - 2012 (2 years)

- Serve as Charge Nurse within numerous hospitals large and small across the country as a traveler. As such, I am responsible for exemplifying excellent communication, leadership and supervisory skills.
- As Charge Nurse, regular duties includes: directing the admission, discharge and general flow of patients; assigning nurses and support staff to patients; providing guidance on the administration of care; consulting with nursing staff

to develop and execute tailored plan of care for each patient; working with hospital leadership to develop and implement training procedures to educate and train new nurses and staff; educate staff on and ensure compliance of all hospital protocol; problem solve and perform evaluations of nursing staff.

- Serve as preceptor for RNs new to the Cath Lab. This task includes providing counsel to both new nursing graduates and seasoned professionals.
 - o Service as a preceptor includes: evaluations of both exemplary and unsatisfactory performance in an effort to bridge the gap between the classroom and clinical care and raise both the morale and the standard of care within the facility; assessment of skill level and creation of goals for learning outcomes.
- Assist the physician and nursing team in the performance of invasive, noninvasive, and specialized cardiac procedures.

Sacred Heart Health System

Register Nurse PACU

July 2009 - September 2010 (1 year 3 months)

Pensacola, Florida

- Managed patients' post-anesthesia recovery in the post-anesthesia care unit, or PACU
- Trained and mentored new PACU RNs on the fundamental tasks associated with post-operative care, including the monitoring of vital signs and management of pain.
- Documented and evaluated the effectiveness of nursing actions to ensure a safe environment of care.
- Was responsible for and held accountable for coordination between interdisciplinary departments to ensure accurate continuity of patient care.
- Worked alongside charge nurse to ensure floor-wide knowledge of hospital-wide policies and procedures regarding performance improvement, patient rights, risk management and infection control.

Club Staffing
