Clinical Care Partner - Kennestone (Med/Surg)

June 2013 - February 2014 (9 months)

Marietta, GA

The Clinical Care Partner (CCP) is a support care provider who functions under the direction of the registered professional nurse. The CCP primary focus will be to promote a positive patient experience by partnering with the patient, family and other health care providers to provide excellence in customer service and assistance with daily living activities and comfort measures. The CCP assists other health care providers with safe, age appropriate and culturally aware care by performing basic patient care functions; i.e. ADL's, ambulation, vital signs, approved advanced technical procedures; i.e. phlebotomy, simple treatments, dressing changes, oral suctioning, and discontinuing foley catheters; transporting supplies/equipment/ patient medications and performs other duties deemed necessary to ensure the delivery of optimal care. The CCP must be able to work in a fast paced environment which requires multi-tasking activities and ongoing communication with the registered nurse. Must be able to perform under stressful conditions with a compassionate, respectful and helpful manner. Must be able to take direction from a variety of care providers. Must be organized with excellent communication skills.
