Christin Zink

BSN, RN, CCRN, UNF CRNA class of 2021

Jacksonville, Florida Area

Summary

Hardworking professional who is always open to a new challenge. I have had the pleasure to work at one of Virginia/Maryland/and Washington DC's top level 1 trauma centers since graduating nursing school in 2011, INOVA Fairfax Hospital. I started in the Medical Surgical ICU and completed the New Graduate Critical Care Fellowship program in my first four months. While at INOVA Fairfax, I worked in the MICU, CCU, Neuro ICU, CVICU, and Trauma ICU. I gained knowledge and hands on experience with a variety of patients that included EVDs, bolts, CRRT, cardiac surgery patients and fresh traumas.

After working with INOVA Health Systems for almost 5yrs I moved to Tampa, Florida and worked at Tampa General CTICU and then went to work for Baycare Health Systems Mobile Pool in Critical Care. With Baycare I worked at 13 acute care hospitals in a variety of ICUs in the Tampa/St. Petersburg area.

Currently I am enrolled in the University of North Floridas Nurse Anesthesia Program in Jacksonville, FL with an expected graduation date in December 2021.
