JasmineDeNae Pennington

CV-ICU RN at Arizona Abarozo Heart Hospital

Summary

I love my job I love what I do. Making a difference without expectations is why I chose to become a nurse. My motto, "SPARKLE, SMILE, & SHINE".

I enjoy learning & big on patient education. I believe we can all learn something from everyone.

I am dependable, reliable, goal oriented and great work ethics. I stay focused without losing site of the "big picture". Listening is one of the best qualities I have learned as a nurse.

My goal is to find a great heart program and become a one to one "Heart Nurse" for the post op CABG patients.
