# DaShawn Thomas, APRN, AGNP-C

Nurse Practitioner at Houston Methodist Neurogastroenterology  
Houston

## Experience

Houston Methodist Neurogastroenterology

Nurse Practitioner

November 2018 - Present (1 year 10 months)

Houston, Texas Area

- Provides treatment for general gastrointestinal diseases with specific focus on neurogastrointestinal disorders in the outpatient setting.
- Utilizes state-of-the-art imaging and technology to evaluate the gastrointestinal tract, accurately diagnose disorders and develop the best treatment options for each patient.
- Works with multidisciplinary team that aims to provide the best diagnostic and therapeutic options for all motility disorders, ranging from simple to most complex.

UTMB Gastroenterology and Hepatology Clinic

Nurse Practitioner

July 2016 - October 2018 (2 years 4 months)

- Provides assessment, prioritization of requested clinical service and therapeutic management. Interacts with patient and family needs throughout the disease process and assumes an integral part of patient care as a team member on the out-patient service.
- Obtains medical histories, performs physical examinations, and reviews/orders diagnostic tests including endoscopic procedures and radiographic results.
- Formulates and helps manage patient consultation and treatment plans and outcomes.
- Facilitates patient education relating to medical processes, medication, nutrition, and health promotion.

CHI St. Luke's Health - Baylor St. Luke's Medical Center

3 years 1 month

Registered Nurse - Medical/Surgical ICU

January 2012 - May 2014 (2 years 5 months)

- Provide continuous, high-level care for critically ill patients and their families, including monitoring life support equipment, attending to wounds, responding to changing patient conditions, and providing advanced life support.
- Responsible for total patient care, including medication, orders, and treatments. Directly assist physicians in performing invasive and non-invasive procedures.

#### Student Nurse Associate

May 2011 - December 2011 (8 months)

- Provide direct and indirect patient care, including monitoring vital signs, testing serum glucose, assisting with personal hygiene and physical care needs, reporting patients' complaints of pain or changes in status to an RN.
- Communicate with patients, their families, physicians, and other nurses; order supplies, complete order entry, transfers, and discharges.

---
