# Angela Jensen, RN CEO LNC

Owner/ CEO at Vital Decisions a Medical Legal Consulting Firm /  
Legal Nurse Consultant  
West Terre Haute, Indiana

## Summary

I am a licensed registered nurse in the state of Indiana. I started a medical legal consulting firm. We support patients/families, law firms, healthcare providers/facilities, insurance companies and commercial businesses. As a plaintiff or defendant in a legal case needing clinical knowledge and expertise, we provide an unbiased factual review and assessment in merit. Services that Vital Decisions' team provides include:

- \* collecting, reviewing, organizing, summarizing, bates paginating, indentifying tampered/missing medical records
- \* researching and integrating resources in briefs
- \* chronological reports, detailed briefing and visual aides
- \* assist with discovery requests
- \* interrogatory questions
- \* locating expert witnesses, questioning witnesses
- \* participate in depositions, arbitration, mediation and trial
- \* prepare trial exhibits, evidence and visual aides

Totaling 14 years extensive nurse experience including 10 years of hospital nursing in oncology, med/surg, telemetry, wound care, orthopedics, physcology, trauma, palliative, PACU, clinical education, HIV expert and IMC. As a travel nurse I assisted a chain of hospitals change emr as an expert in electronic medical records then trained staff in new trauma unit. I went to their behavioural health hospital to implementing changes achieveing improved patient outcomes, staff safety and deyta scores. After helping a neighbor in his home, hospice became my love. Hired as a prn field nurse, three months later, was promoted to clinical supervisor and mentored in administration. 2 years later, I was granted the opportunity as an administrator for a healthcare company, responsible for a start up site. I'm proud to say that this developed into the fastest growing site in the company, exceeding expectations by years. I am proficient in federal/state regulations, Medicare COP's, budget development/

adherence, building strong/competent staff, quality management, audits, surveys, accreditation and marketing.

---
