Tina Mond

MSN, APRN, FNP-C at SIHF Healthcare Doctoral Student
Greater St. Louis Area

Summary

MSN, APRN, FNP-C

*Dual Licensed (MO and IL)

Physician/FNP-guided clinical practicum.

Motivated, self-developing and adaptable nursing professional combines 29 years of clinical nursing experience with compassion to meet the challenges facing today's healthcare organizations.

A clear awareness of diverse backgrounds, alert to widely varied patient needs and populations. Skilled regarding advanced care with a strong emphasis on physical assessment, collaborating with providers, administration and documentation of primary care, ensuring patient safety, and delivering quality patient care. Extensive successful background within fast-paced environments i.e., Progressive Care Units, Telemetry, PACUs, Hemodialysis, Women's Health Clinics, Eye Surgery Centers and a wide variation of specialty Intensive Care Units. Physician guided clinical experience in Internal Medicine and Pediatric Primary Care.

Currently: Managing patients as their Primary Care Provider of chronic and acute illnesses specializing in Family Practice, Pediatrics and Women's Health.
