## Objective

- To complete the Second Degree BSN Program at the University of Houston, become a licensed Registered Nurse, and enter the nursing workforce in the Intensive Care Unit or the Emergency Department.

## Education

### Bachelor of Science: Nursing

**Expected Graduation:** December 18, 2020

- University of Houston College of Nursing

### Bachelor of Science: Nutritional Sciences

**Graduation:** December 15, 2017

- Texas A&M University

## Experience

### Phlebotomist & Medical Assistant

April 2019 - December 2019

Step-In Clinics | Rosenberg, Texas

- Triage patients and obtained chief complaint, vital signs, medical histories, and medication intake.
- Built trust and minimized patient discomfort during specimen collection such as blood, urine, nose and throat swabs, and during Vitamin B12 injection administration.

### Pharmacy Technician Trainee

June 2019 - December 2019

Brazos Hybrid Pharmacy | Rosenberg, Texas

- Provided assistance to Pharmacist with typing prescriptions and preparing and measuring medications.
- Prepared simple drug compounds after Pharmacist verified calculations.

### Phlebotomist II & Core Lab Assistant

January 2018 - December 2018

CHI St. Joseph's Regional Hospital (Level II Trauma Center) | Bryan, Texas

- Built trust and minimized patient discomfort during phlebotomy procedures while efficiently collecting blood specimens for inpatients, including the ER, ICU, L&D, PACU, Post-Partum, Stroke Unit, and Telemetry.
- Trained new phlebotomists for emergency response processes, i.e. codes, traumas, strokes, and STEMI alerts.
- Updated collection status and lab receipt of specimen status in the electronic medical record.
- Assisted medical technicians with preparing and centrifuging blood samples for medical testing.

### Newborn Hearing Screener Technician

October 2017 - December 2018

Baylor Scott & White Hospital | College Station, Texas

- Tested infants' hearing development using a hearing screening device.
- Educated new parents on procedure details and developmental milestones beyond screening.
- Communicated test results with new parents, and provided resources for each result.

### Phlebotomist I

December 2015 - May 2017

CHI St. Joseph's Regional Hospital (Level II Trauma Center) | Bryan, Texas

- Built trust and minimized patient discomfort during phlebotomy procedures while efficiently collecting blood.
- Followed infection control and safety procedures while carrying out daily phlebotomy functions.
