Clinical Nurse Liaison at Homestead Hospice  
Greenville, South Carolina Area

## Summary

Pure heart, intelligent mind, and a soul on fire to create a paradigm shift in the healthcare industry.

---

## Experience

Homestead Hospice  
Clinical Nurse Liaison  
January 2020 - Present (6 months)  
South Carolina

Charged with utilizing my clinical knowledge and experience to educate the community, physicians and other discharge planners, and healthcare systems on the benefits of hospice and palliative care programs.

Also tasked with educating individuals in the upstate community and senior living communities on various healthcare topics and disease processes.

Thrive Senior Living  
Vice President of Resident Experience  
July 2019 - January 2020 (7 months)  
Greer, South Carolina

Charged with maintaining the wellness and general well-being of an 85 bed Assisted Living and Memory Care Community.

Spartanburg Regional Healthcare System  
1 year 11 months

Charge Nurse  
April 2018 - May 2019 (1 year 2 months)  
Pavilion Critical Care Department

Tasked with coordinating a 24 bed Medical/Pulmonary Intensive Care Unit. Roles include bed management, staff assignments, infection prevention audits, and upholding best practice standards throughout the unit. Other

duties include rounding and coordinating patient care with the Intensive Care Medicine team.

#### Staff Nurse

July 2017 - April 2018 (10 months)

Neuro/Trauma ICU

Spartanburg Medical Center is a level 1 trauma hospital serving five counties of both North and South Carolina.

Trained as a charge nurse, code blue response nurse, rapid response nurse, and stroke nurse.

Stroke nurse role entailed responding to any case of suspected stroke (ED and inpatient), assessing the patient using NIHSS scale and discussing results with neurologist. If patient was then deemed appropriate for thrombolysis, stroke nurse's role was to mix and administer the drug. Role was then to facilitate transfer to the Neuro-ICU and take over care of the patient.

Other skills include managing post trauma patients. Managing other post neurosurgical patients, and managing organ donor patients while nurse clinician facilitated organ placement.

#### TotalMed Staffing, Inc.

##### Travel Nurse

February 2017 - June 2017 (5 months)

Winchester, Virginia

Winchester Medical Center

#### Cleveland Clinic Abu Dhabi

##### Charge Nurse

November 2014 - December 2016 (2 years 2 months)

Critical Care ICU

Assisted in the start-up of a brand new 72 bed intensive care department.

Assisted in training of staff in the NIHSS stroke scale.

Original member of the executive steering group tasked with initiating shared governance for the organization and chair of the ICU unit based council.

#### Spartanburg Regional Healthcare System

##### Staff Registered Nurse

April 2013 - November 2014 (1 year 8 months)

Neuro/Trauma ICU

Spartanburg Medical Center is a level 1 trauma hospital serving five counties of both North and South Carolina.

Trained as a charge nurse, code blue response nurse, rapid response nurse, and stroke nurse.

Stroke nurse role entailed responding to any case of suspected stroke (ED and inpatient), assessing the patient using NIHSS scale and discussing results with neurologist. If patient was then deemed appropriate for thrombolysis, stroke nurse's role was to mix and administer the drug. Role was then to facilitate transfer to the Neuro-ICU and take over care of the patient.

Other skills include managing post trauma patients. This would include traumatic brain injuries with Lycox pbO2 brain tissue monitoring systems. Managing other post neurosurgical patients, and managing organ donor patients while Lifepoint nurse facilitated organ placement.

Union Medical Center

Staff Registered Nurse

June 2012 - April 2013 (11 months)

ICU

Staff nurse in a non-specialized medical surgical ICU.
