Rachel Chi

Incoming Registered Nurse at Northwell Health & COVID test RN at
CORE
New York

Summary

Motivated, talented, and compassionate, multilingual (Mandarin, Cantonese & Fujianese) new graduate Registered Nurse with emerging experience in the delivery of evidence-based, patient-centered care in diverse clinical settings and medical specialties. Outcomes focused healthcare professional with one year of MA experience and a proven ability to quickly cultivate strong relationships with patients and healthcare providers to deliver holistic care promoting a timely return to peak levels of health and wellness. Determined, self-starter recognized among preceptors for strengths in critical thinking, clinical judgement, and professionalism in managing routine and emergency medical situations. Eager to utilize professional training, credentials, and experiences to contribute to the health and wellness of patients by serving in a challenging, rewarding new graduate RN role within a Medical-Surgical care setting.
