# Anastasiya Klepachevska, BS, RN

Licensed Registered Nurse

United States

## Summary

Newly graduated licensed Registered Nurse from NYU (December 2019 Cohort) seeking full-time employment in the NYC area. Currently working part-time as an office assistant at Advanced Neurology Brooklyn, NY. I bring a comprehensive set of skills that I believe will be valuable in a clinical setting. During my clinical rotations at NYU hospital, I sharpened my capabilities in evidence-based care and patient advocacy, providing a firm foundation for the Registered Nurse position. My collaboration, people-centric nature, and compassion have afforded me excellent communication skills. I am excited to contribute my talents and knowledge as an RN.
