Kenneth Scribner

Unit Manager at Life Care Centers of America
Aurora, Colorado

Summary

Currently Unit Manager at Life Care Center of Littleton, Co. Registered Nurse since 2009. I have twenty-eight years of experience in the medical field. From military medic, LVN, Supervisor of clinics, to CCT Nurse. Primary an Emergency Department Nurse, but I have worked on medical, surgical, ICU and mental health units. I have worked in immunizations, family practice, wound care, orthopedics, neurology, surgery, ENT, GI, and urology clinics. I have even done correctional health care and home health. Great addition for any company that is in need of a seasoned and professional nurse who cares about the welfare of his patients. I just finished my BSN and I am now working on my FNP. Have to stay in Colorado for another year and then I would like to get back into travel nursing. Thank you for looking at my profile.
