Critical Care Registered Nurse (Adult) (CCRN-A)

Priscilla Legagneur RN, BSN, CCRN

SRNA at Columbia University
Greater New York City Area

Experience

NYU Langone Health
6 years 1 month

Senior Staff Registered Nurse- Medical ICU
February 2016 - Present (4 years 5 months)
Greater New York City Area

Provide attentive and safe care to high-acuity patients by performing thorough assessment and observation, utilizing advanced hemodynamic monitoring, administering medications and diagnostic tests. Develop individualized care plans for broad scope of conditions. Quickly respond and intervene to decompensating patients. Connect with patients and family members through patient and family education and mentor student nurses as a student extern preceptor

Senior Staff Registered Nurse-Pulmonary Stepdown
June 2014 - February 2016 (1 year 9 months)
Greater New York City Area

Excelled in the implementation of pulmonary step-down care, demonstrating substantial knowledge of heparin drips, chest tube, tracheotomy care, lab tests and results, advanced cardiac monitoring, ventilated patient care, chest percussion, postural drainage, and suctioning.

New York-Presbyterian Hospital
Staff Registered Nurse
December 2013 - June 2014 (7 months)
Greater New York City Area

Earned a reputation as a top-quality RN who balanced the care of up to 6 patients per shift, utilizing strong and holistic assessment skills in the identification of patient care needs. Educated patients on surgical procedures, treatment regimens, etc. Monitored patients closely for cardiac rhythms and response to drips (Heparin and insulin). Performed tele strip monitoring and EKG.

Onward Healthcare

Travel Registered Nurse

June 2011 - December 2013 (2 years 7 months)

Exercised and fortified flexibility, independent decision-making, and problem-solving as a travel nurse. Developed relationships with new multidisciplinary care team members. Embraced the challenge of adjusting to new facilities, staff, and core measures, successfully assimilating into new environments with a focus on creating a positive and curative environment for patients

Cleveland Clinic

Staff Registered Nurse-Telemetry

October 2009 - June 2011 (1 year 9 months)

Weston, Florida

Balanced the delivery of specialized care to the adult patient population with complex cardiac needs, demonstrating strategic and acuity-based prioritization. Emerged as an instrumental member of a multidisciplinary care team dedicated to ensuring the highest quality of patient care, evidenced by a high rate of positive patient outcomes and feedback. Performed EKG monitoring, and prepared patients for open-heart surgery and procedures in cardiac cath lab.
