United Planet

International Registered Nurse Volunteer

July 2014 - September 2014 (3 months)

Cusco, Peru

- Provide 320 hours of direct patient care to Spanish-speaking citizens in PoliClínico Belén, Cusco, Peru.
- As a nurse, presented with the opportunity to work in the outpatient part of the clinic to triage the patients, administer injections, prepare injections, maintain a safe and clean office environment, collect and assess vital signs, assist with I.V. therapy, assist with child examinations/wellness checks, and assist doctors with minor procedures.

United Planet's Quest program combines volunteering abroad, language learning, and cultural activities to provide an incredibly fulfilling experience for volunteers -- and valuable support for communities in need.

This program provides volunteers an opportunity to work in a healthcare setting with under-served populations. Clinics and hospitals around Cusco provide both primary care services and emergency medicine. Depending on the need, volunteers could be placed at a rural clinic or at a state-run hospital, working in a number of different fields.

United States Naval Academy

Midshipman

June 2001 - May 2005 (4 years)

Annapolis, MD

Students at the naval academy are addressed as Midshipman, an official military rank and paygrade. As midshipmen are actually in the United States Navy, starting from the moment that they raise their hands and affirm the oath of office at the swearing-in ceremony, they are subject to the Uniform Code of Military Justice, of which USNA regulations are a part, as well as to all executive policies and orders formulated by the Department of the Navy. The same term comprises both males and females. Upon graduation, most naval academy midshipmen are commissioned as ensigns in the Navy or second

lieutenants in the Marine Corps and serve a minimum of five years after their commissioning.
