Jill Bates, RN MSN

Travel Nurse at Allianz
Falls Church, Virginia

Summary

I have an MSN majoring in Nursing Education. I have 16 plus years and counting in critical care nursing including ICU, Trauma, IR, and Cardiac Cath Lab and have gained valuable experience with hemodynamics, medical devices, critical thinking, and scrubbing for procedures. I have a passion for patient care and expanding my nursing knowledge as well as imparting my skills with others. I am a very technical person who is detail oriented and loves the how and why. I would like to enter into medical industry as a clinical expert/consultant and also attain my CNOR; I am also considering CRNFA programs.

Experience

Allianz
Travel Nurse
April 2020 - Present (3 months)
Bethesda, Maryland, United States
