Advanced quickly within the the field of corrections from entry to MSGT rank, managing a 200 bed maximum security male cell block. Maintained the safety of each officer & inmate effectively. Maintained order within cell house. Performed evaluations & trained employees & served on Rapid Response Team. Expert marksman. Eventually left corrections as a result of deciding to return to college to obtain degree in health care as that was & is my passion. At HCF, I learned effective & creative leadership skills & how to maintain composure & make prioritized life & death decisions under pressure. Developed & improved communication skills, particularly in dealing with difficult or emotional individuals. Teamwork & cohesiveness was a must to ensure that colleagues , employees, and inmates were safe. This was an invaluable experience.
