## PROFILE

I am a current nursing student at the University of Houston – College of Nursing in Sugarland. From my clinical experience as a nursing student and my experience as a nursing assistant, I've acquired many skills and patient communication techniques and am looking for a job to supplement my clinical learning experience.

## Clinical Experience

### Spring 2020:

Houston Methodist – Sugarland: Medical Surgical Floor

Houston County Psychiatric Center: Psychiatrics

## WORK EXPERIENCE

### Nurse's Aide/Personal Care Attendant

Memorial Hermann Southwest June 2018 – December 2019

I worked as part of a float pool on a different floor of the hospital every day thus I was always gaining new experiences from the different floors needs. I helped patients with every day activities such as ambulating, feeding, transportation and other nurse aide duties. I also learned from up close observation of the nurses I worked with.

- Obtain and record patient's vital signs, intake and output and blood glucose
- Assist patients with activities of daily living
- Follow isolation precautions (contact, airborne, droplet) and infection control procedures
- Experience using hospital wide EHR
- Experience with JP drains, abscess drains, nasogastric tubes, Foley catheters
