Summary

I have been a NICU RN for 27 years. I added PICU and Pediatrics to my specialties in 2001. I started Travel Nursing in 2000 as I decided I needed to expand my knowledge base of Nursing practices from other units and hospitals. I have traveled to 42 countries and worked in Australia. I completed my Master's of Nursing Informatics in 2018 and currently work as a Nurse Analyst for Alaska Native Medical Center in the Informatics department.
