Experience

Methodist Health System

RN BSN CASEMANAGER

April 2017 - Present (3 years 2 months)

Houston, Texas

MD Anderson Cancer Center

Nurse Case Manager

September 2015 - April 2017 (1 year 8 months)

St. Joseph Medical Center

Case Manager

November 2014 - September 2015 (11 months)

Houston, Texas Area

The Case Manager coordinates care delivery to improve care quality, utilization of resources and reimbursement on behalf of designated patients, according to practice models. Case Managers assess individual patient needs based on practice models for high risk or complex care issues. This individual coordinates, facilitates and monitors care for patients throughout the continuum of care planning to ensure optimal clinical, functional, social, cognitive, and financial outcomes. Oversees discharge planning and facilitates transitions to community settings. Intervenes, advocates and facilitates care changes on the patient's behalf. Acts as a liaison for multidisciplinary teams, external physicians, payors and community agencies. Identifies and implements strategies to improve processes, reduce costs and enhance patient care and business outcomes

Nurse

Registered Nurse

April 2014 - November 2014 (8 months)

St. Joseph Medical Center

Medical- Surgical unit Responsible for managing the care of the adult or elderly patient

experiencing general medical conditions or general surgical procedures, which require general

assessments related to specific conditions, and general therapies and interventions. Responsible to the Clinical Manager for assigned Adult Medical Surgical Unit

Legend Oaks

Wound Care Nurse

March 2013 - February 2014 (1 year)

The wound care nurse identifies injuries, treats, dresses them, and performs the subsequent therapy for the wounds to normally heal. One of their actual tasks is to verify the patients' skin to avoid pressure ulcers. Wound care nurses use medicated salves to wounds, injuries, and other similar treatments. Beside this, they educate the public and patients about how to properly care about wounds and surgery incisions.
