Experience

Children's Hospital of Georgia

Registered Nurse

January 2020 - Present (6 months)

Augusta, Georgia

Trusted Health

Travel Registered Nurse

June 2019 - December 2019 (7 months)

Kansas City, Missouri

Research Medical Center, HCA Midwest, level 1 trauma center, worked as a travel nurse on cardiac critical, floating to all critical care and acute care units including medical ICU, burn, metabolic, pulmonary stepdown. Start, maintain, titrate drips, care of patients post-cath lab, TAVR, CABG. Utilized Meditech EMR charting, Alaris IV pumps, and Pyxis medication dispensing systems.

Ascension

Seasonal Float Registered Nurse

December 2018 - May 2019 (6 months)

Austin, Texas

Floated between Dell Seton (level 1 trauma center), Seton Medical Center Austin (level 2), and Seton Northwest (community hospital). Worked as a float pool nurse between these three hospitals, working medical intensive care, telemetry, cardiac telemetry, emergency department, oncology, orthopedics, neurology, trauma, plastics, renal, pulmonary, general med-surg. Utilized Cerner charting, Plum IV pumps, and Omnicell medication dispensing systems.

Medical Staffing Solutions, Inc.

Travel Registered Nurse

May 2018 - November 2018 (7 months)

Marshfield, WI

Marshfield Medical Center (level 2 trauma center). Worked as an acute care nurse frequently floating to cardiac stepdown, neuro/trauma PCU, oncology, general medical surgical, ortho/vascular. Present for Cerner Millennium EMR charting conversion from Centricity/Cattails. Utilized Alaris IV pumps, Baxter IV pumps, Pyxis medication dispensing system, and Omnicell medication dispensing system.

FlexCare Medical Staffing

Travel Registered Nurse

February 2018 - May 2018 (4 months)

Kansas City, Missouri

Research Medical Center, HCA Midwest, level 1 trauma center, frequently floating to cardiac telemetry, medical surgical, neuro trauma, burn. Utilized Meditech EMR charting, Alaris IV pumps, and Pyxis medication dispensing systems.

Aya Healthcare

Travel Registered Nurse

November 2017 - February 2018 (4 months)

Goldsboro, North Carolina

UNC Wayne Memorial, a community hospital. Worked on a 40 bed medical-surgical unit with occasional float to cardiac tele/stepdown, oncology. Utilized Meditech EMR charting, Plum IV pumps, Pyxis medication dispensing, and Omnicell equipment dispensing systems.

Lahey Hospital & Medical Center

Registered Nurse

October 2016 - October 2017 (1 year 1 month)

Burlington, MA

Lahey Medical Center, level 2 trauma center, teaching hospital, and primary stroke center, #2 in the state of Massachusetts for extra large scale strokes. Worked on 36 bed telemetry and stepdown unit with a neuroscience focus. It also serves as a focus unit for patients requiring peritoneal dialysis. Care of this patient population requires nurses to have a broad knowledge base with strong emphasis on multi-system complex diagnoses that include neurological, cardiac, pulmonary, and renal pathology. The needs of the patient and family are addressed through a multidisciplinary approach including assessment, analysis of assessment findings, diagnosis, care planning, treatment,

education, evaluation, and follow up. Close collaboration with the Neurology Department, Physical Therapy, Occupational Therapy, and Case Management is evidenced through daily patient rounds. Utilized Epic charting, Alaris IV pumps, Pyxis medication dispensing system, and Omnicell equipment dispensing system.
