Summary

I am a friendly, loyal and dependable individual with a long history of working in health care in different capacities. I have excellent critical thinking skills and am able to adapt to new situations easily. I am organized and able to multi task efficiently. I am caring, compassionate and strongly believe in being accountable for your actions.

Experience

Home

4 years 4 months

Appeals and Denials Coordinator

September 2016 - Present (3 years 9 months)

Houston, Texas

Telephonic Case Manager

February 2016 - August 2016 (7 months)

Houston, Texas Area

- Monitoring medication adherence
- Assessing the member's daily living activities and cognitive, behavioral and social support.
- Assessing the member's risk for falls and providing fall-prevention education.
- Connecting members and their families with professionals who can help them address medical, legal, housing, insurance and financial issues facing older adults.
- Helping caregivers access support and respite care.
- Arranging access to transportation.
- Assisting members in obtaining home health and durable medical equipment.
- Referring members to meal-delivery programs and advance directive preparation services.

Downs Stanford, P.C.

Nurse Consultant

February 2018 - September 2018 (8 months)

Houston, Texas

Reviewing and summarizing medical records in preparation for deposition, identifying deviations from applicable standards of care, providing education to attorneys on medical conditions, terminology, and practice guidelines

First Choice Emergency Room

Staff RN

January 2014 - March 2016 (2 years 3 months)

Houston, Texas Area

Responsible for direct bedside patient care in Emergency Room setting, involving caring for all age-group populations. Providing fast, efficient, friendly service in a safe environment. I am responsible for medication administration, lab draws, IV therapy, cardiac monitoring and treatment of life threatening situations. Responsible for keeping patient and family members up to date on plan of care. Working in the Emergency Care Center requires excellent assessment skills, autonomy, critical thinking and the ability to communicate well with physicians and other ancillary departments.

UnitedHealth Group

Preservice Review RN

February 2013 - December 2015 (2 years 11 months)

Work in Community and State division managing Medicaid. Review pre-service requests and review requests to determine medical necessity of requested services. Using different factors including InterQual, MCG guidelines and specific company policies to determine if requests for service are medically necessary.

The Methodist Hospital System

Charge RN

November 2008 - August 2013 (4 years 10 months)

Coordinated overall clinical activities of department. Responsible for overall flow of department and ensuring safe, quality customer service. Responsible for coordinating and balancing departments' night shift schedule. Responsible as Charge Nurse for night shift in busy ER. Involved in care of all age-group populations involving the triage, assessment, planning and implementing of nursing interventions, evaluation and discharge/disposition of patients. Served as preceptor for newly hired nurses. Member of Quality Enhancement Committee.

Memorial Hermann Healthcare System

Registered Nurse

October 2006 - August 2010 (3 years 11 months)

Involved in care of all age-group populations involving the triage, assessment, planning and implementing of nursing interventions, evaluation and discharge/disposition of patients. Required to meet staffing demands and work on an as needed basis in different facilities across the health system as need arises. Required to adapt to new surroundings with each assignment and constantly interact with fellow healthcare providers to ensure quality patient care.

OakBend Medical Center

RN

November 2006 - January 2008 (1 year 3 months)

Responsible for direct bedside patient care in Emergency Room setting, involving caring for all age-group populations. Providing fast, efficient, friendly service in a safe environment. I am responsible for medication administration, lab draws, IV therapy, cardiac monitoring and treatment of life threatening situations. Responsible for keeping patient and family members up to date on plan of care. Working in the Emergency Care Center requires excellent assessment skills, autonomy, critical thinking and the ability to communicate well with physicians and other ancillary departments.

Illini Hospital

Respiratory Therapist/Registered Nurse

September 1995 - May 2006 (10 years 9 months)

Provided direct patient care. Administered bronchodilator therapy, oxygen administration, management of mechanical ventilation, coordination of care with nursing staff and ancillary departments. Responded to emergency calls for patients with difficulty breathing, cardiac arrest, etc. Experience with ventilation of neonates. Worked last two years in this department as 2nd shift supervisor. Also worked in ICU as staff nurse providing direct bedside care to critically ill patients including hemodynamic monitoring, vasoactive drug therapy, mechanical ventilation, post-op care, general nursing care, cardiac monitoring, etc.
