## Certifications

CNOR (Certified Nurse Operating Room)

# Daniele Clarissa BSN RN, CPN, CNOR

Operating Room RN  
San Francisco Bay Area

## Summary

I am currently working as a per diem general pediatric operating room and pediatric cardiac surgery RN (circulator and scrub nurse) with 7 years total experience in the operating room, 4 of which I spent as a travel RN. I have some experience at an adult facility, conscious sedation and PACU. I always place my patient first, I adapt and learn quickly, and I am an asset to any team. I am confident I can circulate any surgical case with minimal training and scrub cardiac surgery with cardiopulmonary bypass.

I am not looking to become a travel nurse again anytime soon, as I have decided to stay in the Bay Area.

I am also a landscape photographer (IG: danieleclarissa).
