Laurie Chandler MSN, CCRN, VA-BC

VP Provider Services at Collaborative Anesthesia Partners
Greater Boston Area

Summary

Continuously focusing energy on finding solutions for bringing high quality vascular access services to all healthcare facilities; regardless on facility size or location. Currently partner with hospitals, acute rehabilitation, skilled nursing, long term care, outpatient, and hospice organizations in Maine, New Hampshire, Vermont, and Massachusetts. Future partnership development in western New York and Pennsylvania. Engage stakeholders in understanding the financial benefits of a partnership with NEVA; an area with heightened awareness as healthcare is continuously forced to create lean strategies in order to operate and care for patients successfully. Work directly with front line staff; educating on current evidence based practice and best standards of care for IV therapy, care, and maintenance.
