Timothy Higgins, MS, RN, CCRN-K, CEN, CPEN

Nurse Leader | Educator
Greater New York City Area

Summary

I am an extremely motivated, goal driven, nurse leader and educator with over 11 years of experience in healthcare. As a dedicated professional, I have built a solid background in many key areas impacting the delivery of healthcare services. Specifically, I have obtained solid results in improving clinical outcomes and enhancing the patient experience, while increasing performance in the acute care setting. I have successfully managed large, interdisciplinary teams, caring for diverse patient populations within large academic regional trauma centers. In addition to my work accomplishments, I have enjoyed many academic achievements such as maintaining a 4.0 GPA during my graduate studies, and obtaining several national certifications in nursing.

I am extremely grateful to have gained tremendous experience in my training as a staff nurse in the emergency department of a level 1 trauma center in the heart of New York City. Further developing and growing professionally as I excelled in roles within nursing management, education, and hospital administration. In addition to my employment experience, I have remained extremely active within professional organizations, seeking opportunities to draw upon my background in government and politics to advocate for my colleagues and patients.
