# Sohir Motten MSN RN CMSRN

Nurse manager with a focus on quality improvement and staff development

Buffalo/Niagara, New York Area

## Summary

Currently pursuing my Doctorate in Healthcare Administration, my career goal is the CNO or CQO of an acute care health care facility.

When I finally retire, I want to be able to look back on my career and smile. Not only because I achieved every goal I set, but because of the positive impact I left on my patients, my nurses and everyone that I crossed paths with on my journey. I strive to be the leader that is remembered for their hard work, being a visionary, a mentor, leading by example, encouraging, and dedicated to the betterment of nursing and patient care.
