Vanessa Lisio, BS-RN

Graduate Registered Nurse with a passion for Critical Care/Intensive Care.

Franklin Square

Summary

I'm proud to announce that I recently graduated Summa Cum Laude from Binghamton University's Decker School of Nursing with a 3.98 GPA and with a minor in Forensic Health. I have successfully passed my NCLEX-RN and am currently seeking employment in a Critical Care/Intensive Care setting. I have had the pleasure to gain a multitude of critical care/intensive care experience from Binghamton University during my Senior Capstone rotation as well as during my internship last summer at The Mount Sinai Hospital in NYC. These experiences have allowed me to strengthen existing skills, develop and practice new skills specific to critical care and overall become a more confident graduate nurse.
