# Ena Jarquin

ICU RN, BSN, CCRN, TCRN at Stanford Medical Center  
Tracy, California

## Summary

I am currently in the ICU at Stanford Medical Center in Palo Alto CA where I care for critically ill trauma, medical, surgical, neuro, neuro trauma, neuro surgical and transplant patients. I also have previous CVICU and SICU experience working at Doctors Medical Center in Modesto CA where I cared for critically ill trauma, medical, surgical and cardiovascular patients recovering from open heart surgery. I focus on providing compassionate patient-focused care and maintaining a strong reputation for achieving high levels of patient satisfaction. I am bilingual in Spanish with excellent organizational skills. I am able to effectively and critically problem solve within a variety of clinical situations. I Successfully practice in both leadership and fellowship roles and exhibit effective listening and communication skills. I love learning and being challenged.

---
