Outstanding Clinical Nurse Leader
Student

Ashley Ladson Eugene MS BSN RN CNL

Nurse Manager at the Houston Methodist Hospital
Houston, Texas Area

Summary

Professional Mission Statement

As an up and coming transformational leader, I am a reliable, masters-prepared nursing professional with both adult and pediatric critical care and hematology/oncology, with microsystem and macrosystem leadership experience. Each day, I apply my nursing education, clinical expertise and innovative, transformational leadership skills to provide quality improvement and safe, positive patient outcomes, while also assisting the organization in achieving its goals in the delivery of safe, high quality and cost-effective health care.

Personal Mission Statement

It is my mission to live a life of happiness, love, honesty and integrity. To be an example in all that I do. To continually seek knowledge and share with others. I promise to always keep what is important first in my life: God, family and caring for others.
