Katherina Bradford BSN, RN

New graduate nurse seeking a position in Labor and Delivery and Aesthetics | MSN-FNP Student
United States

Summary

Before returning to nursing school in 2018 to acquire my Bachelor's degree in nursing, I served as a registry Licensed Practical Nurse traveling to different hospitals within Southern California. For five years, I specialized in the Medical-Surgical and Telemetry floors. As a bilingual nurse I am able to help promote different patient cultures in all hospital settings. I hope to apply the knowledge and skill I have gained in my recent studies to a fast-paced hospital setting and an advanced specialty in the near future.

Experience

Allcare Healthcare Staffing
Licensed Practical Nurse
August 2014 - Present (6 years)
Pasadena, California, United States
