Joshua Davis

Staff RN at Memorial Hermann Health System
Spring, Texas

Experience

CHI St. Luke's Health

RN

January 2013 - Present (7 years 5 months)

The Woodlands, Tx

Working in an ICU requires careful assessment and monitoring of a patient's progress in order to watch for sudden or subtle changes in a patient's medical condition that might require emergency intervention. On the critical care unit, patients are physically unstable and require respiratory and heart monitoring as well as treatment adjustments. ICU staff RNs are responsible for managing medication doses, anesthesia and ventilatory support.
