Elizabeth Babaa

Nurse Practitioner, Cosmetic Injector
Dallas/Fort Worth Area

Summary

Nurse Practitioner, Cosmetic Injector:

As a nurse practitioner, I serve the population and their families with compassion, knowledge, and expertise in holistic health care practices. Applying emergency, urgent care, and aesthetic experience I exercise evidence-based clinical judgement and decision making to diagnose and treat varying illnesses while emphasizing health promotion and disease prevention. My determination, positive perspective, and exceptional work ethic would be a substantial asset to any organization.

Experience

SKINIQUE MED SPA & WELLNESS

Nurse Practitioner, Cosmetic Injector
May 2020 - Present (3 months)

Sona Dermatology & MedSpa

Nurse Practitioner, Clinical Manager
January 2019 - March 2020 (1 year 3 months)
Fort Worth, Texas

- Subject matter expert on aesthetic services, dermatologic treatments, and skin care products.
- Ensures safe treatment clearance for patients by completing history taking and physical examination with special attention to potential contraindications.
- Performs high-quality treatments using procedure and protocol to achieve patient satisfaction (i.e. cosmetic injectables, skin resurfacing, laser hair removal, and fat reduction).
- Prevents, monitors, and manages all patient adverse reactions.
- Upholds management responsibilities, including provider evaluations, chart audits, and maintaining center compliance.
- Supports provider staff with up-to-date training, performance counseling, and reward recognition.

-Contributes to company protocol and procedure by reviewing and revising treatment guidelines.

CareNow

Nurse Practitioner - Urgent Care, Family Practice

July 2018 - September 2019 (1 year 3 months)

Fort Worth, Texas

- Autonomously uses history taking and physical assessment to diagnose, treat, and manage acute and chronic conditions in a fast-paced urgent care environment. Collaborates with other healthcare professionals when needed.
- Orders and interprets diagnostic testing in the patients' best interest; including STAT radiology, 12-lead electrocardiogram, blood work, urinalysis, and other various measurements.
- Performs minor procedures with confidence; such as laceration repair, trigger-point injections, toe nail removal, incision & drainage, and other skin procedures.
- Assists and educates patients in making better lifestyle and health choices with both non-pharmacologic therapies and prescription pharmacological agents.
- Ensures patient safety and satisfaction by establishing rapport and building strong relationships.
- Directs and oversees patient flow; manages staff interactions and responsibilities as needed.

Baylor Scott & White Health

Registered Nurse, Clinical Coach - Emergency Department

June 2014 - October 2018 (4 years 5 months)

Fort Worth, Texas

- Provides direct patient care and establishes safety practices by administering medications, monitoring patient assessments, and verifying orders as appropriate.
- Completes, coordinates, and delegates patient care in a continuously changing environment while collaborating with multiple disciplines to create positive outcomes for patients and families.
- Ensures the productiveness of the department meets standards of safety and patient rights while educating patients, family, and staff on medical care, procedures, and visit expectations.
- Trains new-hires and graduate nurse interns in performance of duties, including standards of service excellence.

-Provides strong supervisory and leadership skills by providing communication, availability, and transparency.

Best Buy

Sales Consultant

January 2010 - May 2014 (4 years 5 months)

Rockwall/Arlington, TX

- Support and assist achievement of store sales and overall customer experience.
- Utilize knowledge and understanding of technology to satisfy client expectations.
