Summary

Experienced critical care nurse with Neuro/Trauma ICU, cath lab and interventional experience. Independent and quick thinker able to make decisions in fast paced acute and critical care settings. Adept problem solving capabilities: individually and as a team player. Dedicated and caring nursing professional with a genuine concern for patient well-being.

Will have my Master of Science in Biomedical Health Information because of my passion to understand health information and technology challenges from all disciplines. Improving healthcare delivery requires a team approach.
