Dr. Jacob Turmell, NP-C, ACNS-BC

Thought Leader - Alarm Management at Philips
Cape Coral, Florida

Summary

Dr. Jacob Turmell is the Alarm Management Thought Leader with Philips Healthcare. He utilizes his expertise in alarm management to develop innovative and evidence-based services to assist customers with transformational change with alarm fatigue and patient safety. He is dually certified as a Nurse Practitioner and a Clinical Nurse Specialist with a strong clinical background combined with years of medical industry experience. This has led him into leadership roles that have helped transform the delivery of health care.

Dr. Turmell has been an Advanced Practice Nurse for over 13 years, focusing on the care of the cardiac patient in both the acute care and outpatient care settings. While at Spectrum Health in Grand Rapids, MI, Dr. Turmell lead many process improvement projects that includes alarm management, telemetry utilization, readmissions, heart failure length of stay, multidisciplinary rounds, and cath lab efficiencies. He has published his work on alarm management and presented his findings at multiple conferences. He has served as adjunct faculty with Grand Valley State University for the Doctor of Nursing Practice primary care nurse practitioner program.

Dr. Turmell obtained his Bachelor of Science in Nursing from Louisiana College in 1999. He graduated from Grand Valley State University with a Master of Science in Nursing degree in 2006. He completed his Doctor of Nursing Practice at Rush University in 2015. While earning his Doctor of Nursing Practice degree, Dr. Turmell's focus on systems leadership gave him expertise in organizational assessment, outcome-driven change management, population health, and public policy. He holds professional certifications as both a nurse practitioner and clinical nurse specialist.
