February 2012 - April 2015 (3 years 3 months)

JPS Health Network

Staff RN

February 2012 - March 2015 (3 years 2 months)

A 36 bed Intensive Care Unit at a Level 1 Trauma center located in the heart of Tarrant County. The patient population varies from the indigent population to the middle to upper class. Our ICU is not specialized into types or classes of patients, but is a mixture of patients consisting of varying level of traumas, diverse amount of surgeries, difficult medical cases, neuro patients, and cardio-thoracic (open heart) patients. This type of environment is very fast paced and provides a more versatile learning environment that requires nurses to expand their knowledge and become competent in understanding the multitude of different complications seen in our area.
